Status: Completed			
Uploaded the report in Github		Yes	
If yes Repository name		https://github.com/Madangudigar/-pre-placement-training	
Uploaded the report in slack		Yes	

Online Test: Technical issue

Training snapshots:

The screenshot shows a Zoom meeting interface. At the top, a banner indicates "Sharan Pais is presenting". The main content area displays a presentation slide titled "Java Class & Objects". The slide illustrates the relationship between a class and its objects. On the left, a box labeled "Class" contains a "Person" class definition with "Data Members" (unique_id, name, age, city, gender) and "Methods" (eat(), study(), sleep(), play()). On the right, two objects are shown: "John" (age-35, city-Delhi, gender-male) and "Dessy" (age-20, city-Pune, gender-female). Arrows point from the class box to each object. The bottom of the screen shows the Zoom meeting controls, including a "Meeting details" link and buttons for mute, video, and chat. A list of participants is visible on the right side of the screen.
